

Telescoping Hydraulic Axle Jacks

Axle jacks provide a convenient way to change aircraft tires or perform brake service

Standard Features:

- Large range for capacity and extended height
- Hand pump with pressure relief valve
- Easy access filler/breather cap that can be sealed to avoid spills
- Corrosion resistant rams
- Some models incorporate Enerpac pumps which allow for compact design with higher capacity
- Spacer blocks provide easy adjustment of closed height (included with some models)
- Custom carrying case (included with some models)
- Finish: Powder Coat Tronair Blue

Single Stage Hydraulic Tripod Jacks

The jack leader for aircraft less than 100,000 pounds

Standard Features:

- OEM approved
- Thousands in use, globally supported
- Proven quality and reliability
- No rust reservoir
- 2, 2.5, 5, 10, 12, 18, 25, 30 and 60 ton capacity jacks with large selection of height extension
- Hydraulic fluid: MIL-PRF-5606
- Hand pump with factory built-in pressure relief valve
- Threaded rams with improved hand wheel style safety nut
- Quick rising center extension for most jacks
- Easy access filler/breather cap
- Spherical radius cup jack pad on all models
- Heavy duty wheels on all jacks where spring loaded casters are not standard
- Spring loaded casters standard on jacks exceeding 40 in (102 cm) closed height
- Finish: Durable Powder Coat Tronair Blue

Multi Stage Hydraulic Tripod Jacks

Proven quality and reliability

Standard Features:

- OEM approved
- Thousands in use, globally supported
- Proven quality and reliability
- No rust reservoir
- .2, 5, 6, 10, 12, 15 and 20 ton capacity jacks with large selection of height extension
- Hydraulic fluid: MIL-PRF-5606
- Hand pump with factory built-in pressure relief valve
- Threaded rams with improved hand wheel style safety nut
- Quick rising center extension for most jacks
- Easy access filler/breather cap
- Spherical radius cup jack pad on all models
- Heavy duty wheels on all jacks where spring loaded casters are not standard

Tripod Jack Accessories:

Air Pump

Spring Loaded Casters (for most models)

Air Pump Manifold Kits

Supplies air from a single source to three tripod jacks via three 25 ft (7.6 m) hoses for operating air pumps

Universal Jack Cover

Hand Wheel Safety Nuts

Designed for safety, speed and ease of use in locking 5 through 30 ton tripod jacks

- Ensures safe operation of tripod jacks
- Cast handle completely surrounds the pinch point
- Helps thread the nut faster to its locked position
- Prevents pinched fingers
